#### MIXED BEE (Africanized Bee)

Why I have been blind  
Care you in my mind  
With no beauties behind  
Disable me hard to find  
A white one not a kind  
Of mixed rases behind  
Gipsy with false name  
Virgin without a shame  
There is you I can blame  
Feeling love you in vane  
My soul was like a plane  
Falling as by steel made  
Stoped there in one time  
Above earth and behind  
Skies and hearts wine  
Frozen dreams arrive  
Killed love as a crime  
You told me I am the one  
And will not let me down  
Played me like a scam  
You look like peter pan  
Told me you want a family  
Made me loose all gravity  
Now the other side of me  
Hates you and sure will be  
Perfect storm and than we  
Both again will sing free  
Our love or secret places  
We visited quick races  
Our nights bad dreams  
With cried wet hot faces  
Singing free laid in bed  
Feeling love very mad  
Deep fast and so strong  
Our feelings be among  
Body fights not very long  
I knew you are not true  
I passed hard through  
Your lies and disgrace  
But we reach in a place  
Where your love dead  
Your heart suspended  
I see blood in your eyes  
And a devil in disguise

Using a mouse as knife  
Force me make you wife  
If I do not respond these  
And care you like priest  
You killed me like a beast  
From back dancing twist  
Push in error every jurist  
Knowing you a mixed rases  
Dark and ugly top to bases  
Dirty very bad all days  
Chanel for you prays  
No solution has for you  
Gipsy smell is very true  
Why you ve learn so much  
To be a club escort such  
Every laisy country girls  
Excited with false pearls  
Seen at talks or interviews  
Bad voice same old news  
Pretending be a shiny star  
Not a common one you are  
Leaving all like a bazar lady  
No explain no ready steady  
People looking you as freak  
Having in her bottom a stick  
No you are too much for me  
Nightmare don t wanna see  
Go in your mixed rases free  
Want good wife no mixed bee
